

MENDING KIDS 2017 MISSION CALENDAR

Join us on a Mission!

Channel your compassion and connect with humanity. Join our mission to help mend the lives of children all over the world. Be a part of a transformative experience, as you accompany our Mending Kids surgical teams and travel abroad to bring critical surgical care, and sustainable training to underserved communities. Support hope, love and mending for children and families born in developing countries across Asia, Africa, Central and South America.

Play a role in helping children live healthier and happier lives. Mending Kids relies on mission volunteers to assist with documenting our patients, supporting the day-to-day logistical needs of the surgical team, assisting with packing, carrying, transporting & organizing medical supplies, entertaining children, comforting parents or simply observing the team in action while volunteering at a medical facility. Don't underestimate the power of a hug or a smile. A child is waiting for yours!

Make Mending Kids your mission in 2017.

MENDING KIDS 2017 MISSION CALENDAR
