

ANNUAL IMAGINE GALA

SPONSORSHIP OPPORTUNITIES

FEBRUARY 8, 2020

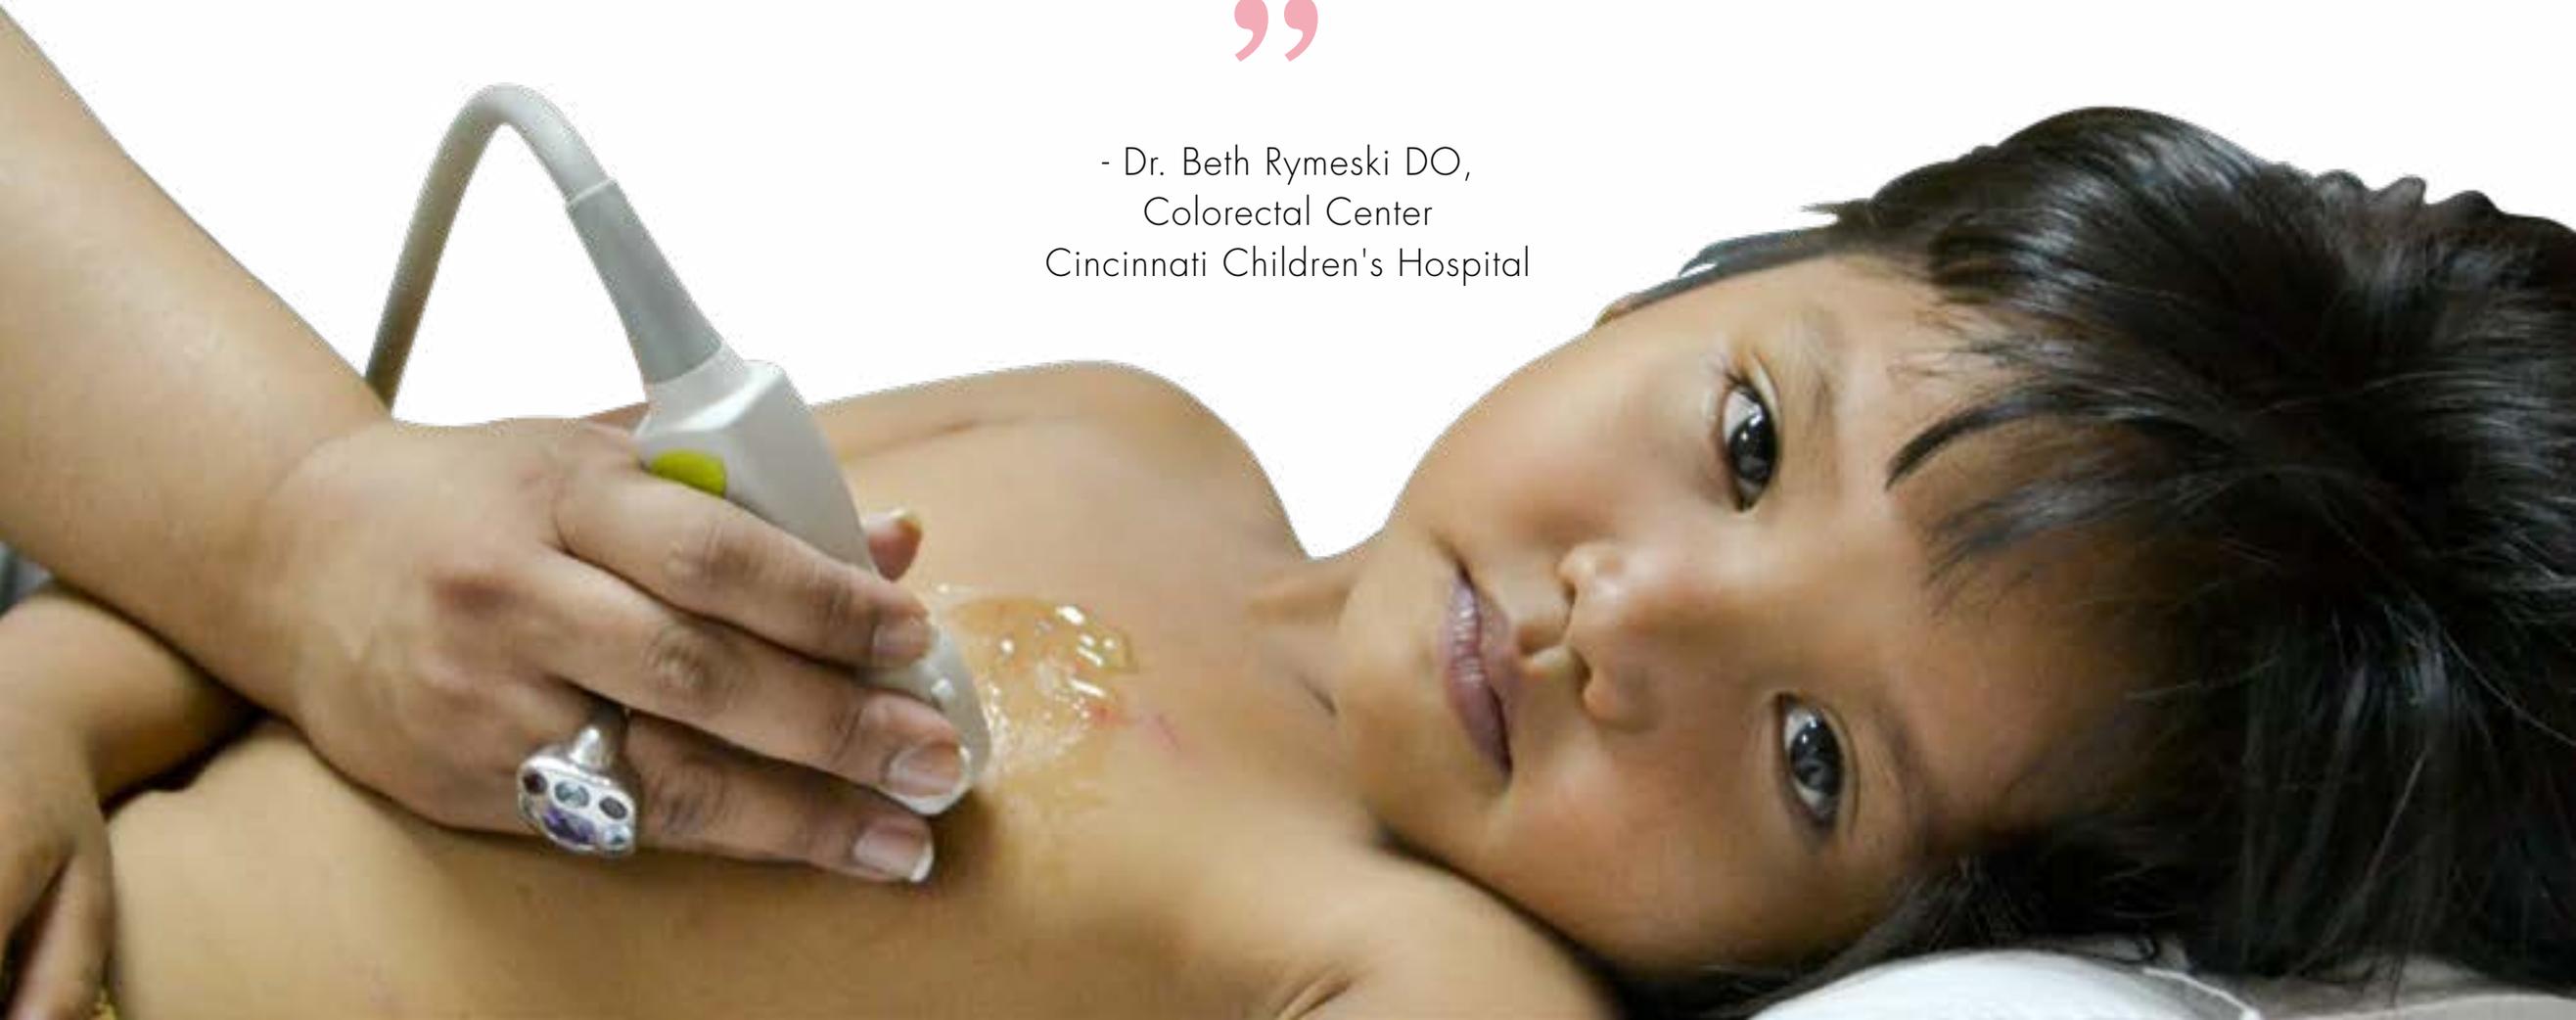

“

Here's a startling fact - worldwide around 5 BILLION people lack access to safe and affordable surgical care; it is estimated that almost half of that number are children. 16 times more people die from conditions needing surgical care than HIV/AIDS. This is unfathomable to most reading this post, as we have the luxury of going to any number of doctors and/or hospitals and can't imagine surgical care not being available in our time of need.

”

- Dr. Beth Rymeski DO,
Colorectal Center
Cincinnati Children's Hospital

**JOIN US IN CELEBRATING
OUR 15TH YEAR OF
SERVICE AND IN HONOR
OF OUR HEROES.**

Mending Kids provides sick children with life-changing and life-saving surgical care while advancing education and training towards medical sufficiency in their communities.

Since 2005, thanks to our dedicated volunteer surgical teams from world-renowned medical institutions, we have mended over 4300 children from 65 countries, including over one hundred kids in the United States.

INVESTING IN FUTURES

Why sponsor our event?

It will allow Mending Kids to deploy teams overseas, deliver free specialized pediatric surgeries and hands-on training to provide exchanges of knowledge to local medical providers, with the goal of improving their skills and overall patient care so they may take care of their own. For children who cannot be mended through our missions, your support will send some to international partner hospitals, and, in some cases, to the United States for assessment and treatment.

In the US, through our Hometown Mission, the focus will remain on self-esteem. Your support will allow us to provide and facilitate access to outpatient surgical care to children whose insurance may have been denied because they are deemed cosmetic. Through partnerships with surgical centers, Our Mend US program aims to help children throughout the year, who may require more than one procedure to correct a condition or avoid the long wait between surgical missions.

JOIN US in saving young lives and restoring healthy futures.
